PROFESSIONAL PROFILE

Senior healthcare and hospitality consultant with extensive regional experience in the planning, design, and development of complex healthcare facilities and hospitality destinations across the Middle East and international markets.

Combining healthcare strategy, hospital planning, and hospitality development expertise. My experience spans tertiary hospitals, specialized treatment centers, regenerative medicine laboratories, healthcare resorts, and mixed-use hospitality developments.

I currently serve as a member of the Executive Council of the Arab Hospitals Federation and as Chairman of the Arab Healthcare Sustainability Center, where I contribute to regional initiatives related to healthcare sustainability, ESG frameworks, and the advancement of healthcare infrastructure across the Arab region.

Throughout my career, I worked with leading international consulting firms including Khatib & Alami, in addition to providing consultancy services to several private healthcare investors, developers, and healthcare operators.
